READING PROGRAM

STUDENT MATERIALS

Dear Student & Family:

Greetings from Schlitterbahn Waterpark! Welcome to Schlitterbahn's Waves of Pages, a reading program designed to inspire students in grades K-5 to read for fun!

With your help, your child has the opportunity to earn one FREE admission to Schlitterbahn Waterpark New Braunfels. They just need to read 10 hours (600 minutes) during the 10-week program, and we award them with a FREE admission to the waterpark as well as a special discount offer for your family.

Here is how it works:

1. You may read to your child, your child may read aloud to you, or your child may read alone. It all counts toward the 10-hour goal.
2. Time spent reading for school assignments does not count toward the 10-hour goal. Reading anything else does count, including books, comic books, magazines, newspapers, or online reading.
3. Record the number of minutes your child reads on the attached Reading Log along with the title of their reading material and teacher's name. You must date and initial each entry to verify that your child completed the reading sessions. Please use additional sheets of paper, if needed.
4. Complete all reading by the date on the Reading Log. Your child must turn in all signed Reading Logs to his or her teacher by this date in order to be eligible for the free admission ticket.

Admission tickets are valid April 21 – June 30, 2018 at Schlitterbahn Waterpark New Braunfels only.

Please read the Program Guidelines on the last page and contact your teacher if you have any questions about the Waves of Pages Reading Program. Visit schlitterbahn.com to learn more about the waterpark.

This program serves as a helpful tool to inspire your child become part of a new generation of readers. We hope that you take part in this exciting program. It is a great way to motivate your child to read and get ready for a day of family fun at Schlitterbahn!

Sincerely,

Schlitterbahn Waterpark New Braunfels
